THREE INJURED IN GORE ROAD ACCIDENT LAST FRIDAY EVENING

Three young persons were injured early Friday evening, Oct. 18, in an accident on the Gore Road, Woodstock. Authorities identified Eric R. Henley, 16, of Bryant Pond, as the driver of the station wagon which was completely demolished in the crash.

Riding with Henley were Catherine L. Buck, 17, East Bethel, and Deborah Cummings, 15, of Woodstock. Both girls were admitted at Stephens Memorial Hospital, Norway, for observation. They received bruises and lacerations. Henley was treated for minor bruises and lacerations and was released from the hospital.

Reportedly the accident occurred as the vehicle was traveling southerly near the Greenwood-Woodstock town line. According to State Trooper Haven Hutchinson of West Paris, the driver lost control of the car on a curve. The auto left the road, hit two trees, flipped in midair twice and landed upside down on the shore of North Pond.

Assisting Trooper Hutchinson at the scene were State Trooper Norman Auger of Hanover, and Oxford County Deputy Sheriffs Robert Chamberlain and George Gilbert.

CANDIDATES IN TOWN

Congressman William Hathaway (center), Democratic candidate for re-election in the 2nd Maine District, was in the area today meeting voters. Hathaway was accompanied by Severin Beliveau (left) of Rumford, Democratic candidate for the District 3 State Senate seat; and Edward "Stubby" Wheeler of Bethel (right), Democratic candidate for the Legislature from the Bethel area. Beliveau is also chairman of the Democratic State Committee.

COMMENT FROM THE TOWN MANAGER'S OFFICE

There is much interest being generated as to the outcome of proposed changes in the administration of local welfare cases. This is causing considerable concern among people who work directly with this problem.

There has been legislation suggested to do away with local administration as it is now known. All cases would be handled through State agencies without regard to settlement. The Town person is living in at the time of need would be responsible for any assistance given.

Many feel when the control is taken from the local administrators there will be far less control in the system, others feel just the present costs of defining settlements make the proposed changes feasible.

Elwyn N. Dickey

Readers are reminded to set their timepieces back one hour before retiring Saturday night. Standard Time will be in effect Sunday, Oct. 27.

DR. WIGHT HONORED IN THOMASTON, CONN.

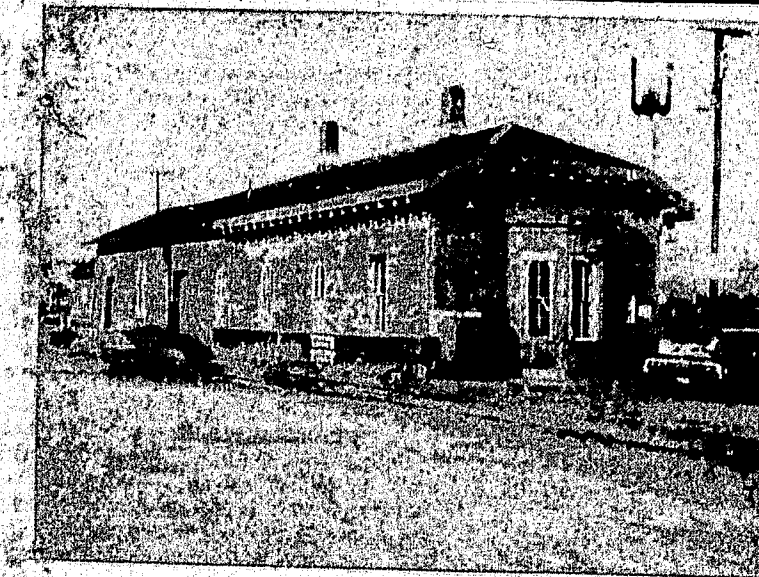

The Connecticut community of Thomaston recently surprised their doctor of 46 years with a program and reception in his honor. On Sunday, Oct. 13, Dr. Winfield E. Wight was guest at a "This Is Your Life" presentation at the Opera House, which included members of his family, friends, school and medical associates through the years. Approximately 800 friends and well-wishers attended the program and the reception which followed in the Thomaston High School gymnasium.

Dr. Wight was born in Milan, N. H., attended school at Gould Academy and Bowdoin College, and has been on the staff of Watbury Hospital in Thomaston for many years.

Among those attending the ceremonies were his two children, Winfield Jr., of St. Petersburg, Fla., and Mrs. John Upton, Jr., (Marian) of Watertown, Conn. and their families. Also present were Dr. Wight's sister-in-law, Mrs. Elizabeth Wight of Bethel, her children, Miss Irene Wight, West Hartford, Conn., Mrs. Stafford Cassell, Washington, D. C., Carl Wight and family, Woolwich, Maine.

Arthur Cummings of Auburn and Locke Mills, who was a classmate of Dr. Wight at Gould Academy, 1909 to 1913, was presented as one of the people from his past.

Mrs. Maude DeCoster of Norway is visiting her niece, Mrs. Ada Durell this week.

TO CLOSE OCT. 31 — The Bethel station of Grand Trunk-Canadian National Railway is scheduled to be closed next Thursday, Oct. 31. It is believed that business presently handled there will be transferred to the South Paris facility.

The terminal closes after operating for 117 years. Year-round passenger service on this line was discontinued in 1960, although for several years a seasonal service was provided during the summer months. The U. S. Mail ceased to be transported by rail in this area on Feb. 5, 1960.

It has been the policy of railroads elsewhere to close their smaller stations with a view to consolidating their operations for more efficient service.

Songo Pond seems to be a favorite stopping place for migratory water fowl. A flock of Canada Geese was seen flying over Bethel village Saturday noon, and later that day 86 geese were counted as they rested on Songo. This flock had left by Sunday noon, but their place had been taken by about 50 surf scoters, 15 hooded mergansers, two loons and two horned grebes.

Richard Vaughan, principal of Telstar Regional High School, gave a report on the high school since its opening in September. Mr. Vaughan stated that modular scheduling appeared to be working out well. In the 7th and 8th grades a bell system is being used to announce the beginning and ending of classes. Since not all areas have been completed there is some delay in their full utilization. Some students' ranks have been sent home. Mr. Vaughan indicated that there had been many visitors at Telstar to date from communities inside and outside of Maine.

Peter Brown, an English instructor in the junior high area at Telstar was granted a leave of absence in order that he might serve six months on active duty in the U. S. Army.

If You Can't Build Your Own Snowmobile...
A flick of the finger and you're winging out into winter's night... glowing your way across quiet fields of snow... night riding! The fun is so great... the experience so unique... that most snowmobiles feature a special headlight for this purpose. MOTO-SKI has two! Why? This snowmobile is designed by men who know and love the sport. The guys who make 'em, ride 'em. They want their own MOTO-SKI to outrun and outshine every-thing on the trail... so they improve it every year for themselves (and you benefit from every great new idea they come up with). If you can't build your own snowmobile... and make it just the way you want it... then go take a look at one that was. The '69 MOTO-SKI... built by guys bent on leading the pack. Twelve new models... twelve handsome new winners!

"Blessed is the man that en-
dureth temptation: for when he
is tried, he shall receive the
crown of life, which the Lord
hath promised to them that love
him."

This verse from James is part
of the Bible Lesson—Sermon til-
led "Probation After Death," to
be read in all Christian Science
churches this Sunday. In First
Church of Christ Scientist, Main
and Tenth Streets, Berlin, N. H.,
the service will begin at 11 a.
m. Sunday School convenes at
the same hour. Visiting pupils are
welcome.

One of the related passages to
be read from the denominational
textbook is the following: "Dur-
ing the sensual ages, absolute
Christian Science may not be
achieved prior to the change called
death, for we have not the
power to demonstrate what we
do not understand. But the hu-
man self must be evangelized.
This task God demands us to ac-
cept lovingly to-day, and to aban-
don so fast as practical the
material, and to work out the
spiritual which determines the
outward and actual." ("Science

TO COLLECT FOR UNICEF

continued from Page One
countries and the role of UNICEF
in helping to meet the needs.
Our world is shrinking day by
day. Because of many scientific
advances, we know more about
other countries than ever before.
We know more about the chil-
dren of Africa, Asia, Latin Am-
erica, and the Middle East—the
world of UNICEF.

The growing countries of these
regions can not yet provide for
the basic needs of all their chil-
dren. Many children have serious
problems. In UNICEF's world:
4 out of every 5 children receive
no medical care, either to pre-
vent or cure illness; 3 out of ev-
ery 4 children suffer from malnu-
trition. Some may get enough
to eat, but they do not get the
right kinds of food; about half
the children do not go to school
or must leave before they finish
the primary grades.

UNICEF's job is to help coun-
tries solve these problems. UNI-
CEF equips schools and clinics.
It helps families and communi-
ties to learn about nutrition and
health. It aids the training of nur-
ses, teachers, and many others
who can help children in their
own countries. UNICEF's goal is
a world of healthy children who
have a chance to grow and de-
velop their talents.

When you give to UNICEF, you
become part of UNICEF's world
by helping other children. Even
a small gift can do important
things. 10 cents buys enough
medicine to cure a child of tra-
choma; 50 cents buys enough
BCG vaccine to protect 40 chil-
dren against tuberculosis; \$1 buys
50 cakes of soap for a health
center; \$5 buys a set of garden
tools for a school nutrition pro-
gram.

This is UNICEF. Please, give
generously.

Rev. and Mrs. George Stebbins
and Mr. and Mrs. Ronald Stev-
ens attended the Annual Meth-
odist Church Conference, Port-
land District, on Sunday in Kit-
tery.

A group of women of the Con-
gregational Church attended "Re-
treat" at Rockcraft Lodge in Se-
bago, Friday and Saturday. Am-
ong those attending were: Mrs.
Lawrence Lord, Mrs. Roger Co-
nant, Mrs. Ralph Ryder, Mrs.
Henry Dombkowski, Mrs. Frank
Packard, Mrs. Kimball Ames, Mrs.
Dexter Stowell, Mrs. Colwyn
Haskell and Mrs. Harlan Hutch-
inson.

CEMETERY VANDALIZED
AT SHELBURNE N. H.

The Wheeler Cemetery on the
north side of Androscoggin River
in Shelburne, N. H., was recently
the scene of wanton vandalism.
Large monuments were toppled
from bases and lie flat on the
ground, some badly damaged.
Marble slabs were knocked over
and many broken, urns over-
turned and cracked. Very few
monuments were left intact. The
damage was reportedly estimated
at \$8,000. It is a sad place of des-
truction. The once beautiful and
well-kept burial place is near the
Philbrook Farm.

CHURCH WALLS ERECTED

Work has been progressing of late
on the construction of a Catholic
Church in Bethel, on Route 28 op-
posite Telstar Regional High
School. Shown above are sections
of the wall after being put in
place by a derrick early this
week.

"SPRY AT EIGHTY-THREE"

— How many of us at eighty-
three would have been able to
take care of twelve cords of wood
this summer? If we had, some of
us would be pushing up daisies
by now no doubt!

Mrs. Marie Gunther of Bethel
who will be eighty-four next May
tackled that size wood pile in
July. She hauled the wood on a
little cart into her barn and nea-
ly tied it, and when I say neat-
ly, I would be willing to give
5 cents for all sticks out of line.
This sounds like quite a feat, but
the most surprising part — the
wood was all squared away by
August. Does anyone have any
wood to be taken care of?

TELSTAR R. H. S. NEWS

College scholarships for 800 outstanding high school seniors who are motivated toward an Army career will be offered again this year, the U. S. Army has announced.

The scholarships, good at any of the 259 colleges and universities in the United States offering a four-year Army ROTC program, have been awarded annually on a competitive basis for the past four years.

GREENWOOD CITY

— Mrs. Collista Morgan, Corres. —

Who has not at some time gazed on a full landscape and marveled at the beauty of the scene? This beauty comes like an enriched song. The world is fast turned to wonderment. Autumn stretches itself lavishly across the earth and scrawled across the sky are the scarlet and golden trees. Their leaves go where they will as the wind plays about. Some quickly coast downward and are still. Others in a gay mood sail on laughing and dancing, then rest in Autumn's chill.

One afternoon recently, in such a setting, at the closing of day, we looked out towards the west as it became a feast of delicate colors. It was at the time of our evening meal. While watching from our window there appeared emblazoned in the water beneath the same harmony of tints and on to this scene gracefully moved a small boat, oar driven, with rhythm so perfect, silhouetted in the midst of all.

Along the shores and down the pond, color, color everywhere illuminated with a softened radiance; a golden flood.

A scene like this can brighten the mind, lighten the heart and bring joy past the power of words.

Watching, the overhanging sky changed as low clouds crept about the horizon, through which shafts of golden, rosy light came through.

The little boat had moved down pond out of view and the waters were as motionless as marble.

Then all things became shadowy masses and I thought as day vanished, "How beautiful is Nature in a world of unrest as it descends over all like a benediction."

Inaudibly, silently, gently it comes.

Releasing the world from its tangle of light.

Muting the brilliance and softening sound.

Soothing the harshness of sun-weary ground.

Brushing away the surrendering day—

It is night.

WOODSTOCK

Each night half of the world's 3.5 billion people go to bed hungry and each day nearly 10,000 people die of starvation.

We are glad that these conditions do not prevail in our area, still they are people who do not have enough food.

To help such ones, the young people of the Woodstock Seventh-day Adventist Church, will be calling at your home on Halloween, not to collect treats for themselves, but canned goods and packaged foods to be given out later this year in food baskets at Thanksgiving and at Christmas. Some is also reserved to be used in cases of emergency, such as fires or sickness.

Last year these young people collected nearly 200 cans and packages of food, and in the United States and Canada, collectively, 200,000 cans of food and 6,000 food baskets were distributed to the needy.

On a world-wide basis the Adventist Church gave away last year \$4.5 million worth of food and helped over 8 million people.

We are glad to see young people engaged in this good work and to know that all youth are not delinquent.
